REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or teach in combination a prosthesis system comprising a fastener that includes a distal body region configured for penetrating tissue and a proximal body region that includes an attachment element of a carrier that, when the distal body region is in a tissue penetrating condition, is exposed outside tissue to mark a targeted prosthesis placement site in advance of deployment of a prosthesis. None of the documents teaches or suggests a prosthesis system that includes a prosthesis delivery catheter sized and configured to deploy a prosthesis in the targeted prosthesis placement site marked by the attachment element of the carrier and to manipulate the prosthesis body to mechanically engage an attachment element of the prosthesis with the attachment element of the carrier, to thereby couple the prosthesis to the fastener at the targeted prosthesis placement site.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID J. ISABELLA whose telephone number is 571-272-4749. The examiner can normally be reached on MONDAY-FRIDAY.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, CORRINE MCDERMOTT can be reached on 571-272-4754. The fax phone
